特任准教授 博士(医学) 高 橋 さゆり
准教授 博士(医学) 山 本 元 久
看護師長 成 田 初 子
看護師長 久 原 みな代
薬剤部長 黒 田 誠一郎

Department Medical Safety Management is responsible for carrying out medical safety in order to prevent incidents and accidents beforehand and deliver safe medical care to patients. At our hospital, we mainly have focused on hematological malignancies, infectious diseases, immune diseases, but in recent years, robotic surgery and chemotherapy are also increasing. We try to respond appropriately to such medical activities.

Department of Infection Prevention and Control

感染制御部
