

INTERNATIONAL JOINT RESEARCH MINI-SYMPOSIUM

Molecular basis and Physiological Functions of Expression Control Revealed by Structural Biology

PROGRAM

13:00–13:40	Roland Beckmann	Gene Center & Department of Biochemistry, LMU Munich
13:40–14:20	Daniel N. Wilson	Institute of Biochemistry & Molecular Biology, University of Hamburg
14:20–14:50	Yuzuru Itoh	Department of Biological Sciences, Graduate School of Science, The University of Tokyo
14:50–15:10	Sihan Li	Division of RNA and Gene Regulation, IMSUT, The University of Tokyo
15:10–15:30	COFFEE BREAK	
15:30–16:00	Tomoya Kujirai	Institute for Quantitative Biosciences, The University of Tokyo
16:00–16:30	Taeko Kobayashi	Division of Protein Metabolism, IMSUT, The University of Tokyo
16:30–16:50	Toru Suzuki	Division of RNA and Gene Regulation, IMSUT, The University of Tokyo
16:50–17:10	Satoshi Hashimoto	Division of RNA and Gene Regulation, IMSUT, The University of Tokyo
17:10–17:40	Toshifumi Inada	Division of RNA and Gene Regulation, IMSUT, The University of Tokyo
