

39th IMSUT Founding Commemorative Symposium

Dates : May 31 (Thu.) ~ June 1 (Fri.), 2012

**Venue : IMSUT / The Institute of Medical Science,
The University of Tokyo**

**Advance Registration
Not Required**

Inquiries IMSUT General Affairs Team (03) 6409-2045 * gakumu@ims.u-tokyo.ac.jp * www.ims.u-tokyo.ac.jp/imsut/jp/

Cutting-Edge Research in Medical Science

Research findings presented in 1 minute
flash talks and poster exhibition

Flash talks	May 31 (Thu.)	13:30 ~ 14:30	First Building Auditorium
Poster Exhibition	May 31 (Thu.)	10:30 ~ 17:00	Second Building, Large and Small Lecture Rooms
	June 1 (Fri.)	9:30 ~ 16:00	
Poster Sessions	June 1 (Fri.)	10:30 ~ 13:30	

IMSUT Founding Commemorative Symposium

June 1 (Fri.) 13:00 ~ 17:00
First Building Auditorium

IMSUT Go Go! Leading the Charge into a New Era of Medical Science

1 Molecular Basis of a Herpesvirus Infection

Yasushi Kawaguchi

Division of Molecular Virology, Dept. of Microbiology and Immunology, IMSUT

2 Regulation of cell-fate decisions by MAP kinase signaling pathways and its failure in cancer

Mutsuhiro Takekawa

Division of Cell Signaling and Molecular Medicine, Dept. of Basic Medical Sciences, IMSUT

3 Promotion and Assistance of Translational Research To lead academia SEEDS to clinical practice

Fumitaka Nagamura

Division of Advanced Medicine Promotion, Advanced Clinical Research Center, IMSUT

4 Clinical Development of Oncolytic Virus Therapy

Tomoki Todo

Division of Innovative Cancer Therapy, Advanced Clinical Research Center, IMSUT

5 Innate Immunity and Inflammatory Responses

Shizuo Akira

Department of Host Defense, Immunology Frontier Research Center, Osaka University

6 Development of anti-cancer drugs through genome analysis

Yusuke Nakamura

Laboratory of Molecular Medicine, Human Genome Center, IMSUT
Dept. of Medicine, University of Chicago
